

Instructions for Accessing Joint Commission Resource Web Store Content

The Joint Commission website provides links to free and for purchase content on the Joint Commission Resources (JCR) Web Store. Follow these instructions to access this content.

Note: Most JCR content is found under the JCR logo, see example below.

The screenshot shows the top navigation bar of the Joint Commission website. The logo is on the left, and links for "Log In | Request Guest Access", "Contact Us", "Forgot password? | Log In Help", and "Search" are on the right. Below the navigation bar are tabs for "Accreditation", "Certification", "Standards", "Measurement", and "Topics". The breadcrumb trail reads "Home > Topics > Health Care-Associated Infections Portal > CLABSI". The main heading is "Central Line-Associated Bloodstream Infection (CLABSI)". On the left is a photo of a doctor and a nurse. The main content area has a title "Central line associated blood stream infections (CLABSI) information" and a "Joint Commission Content" section with three links: "Some Good News About CLABSI, and How to Make it Even Better", "CLABSI Toolkit and Monograph", and "National Quality Forum (NQF)". To the right is a "Joint Commission Resources" section with a link "Case Study: Central DuPage Hospital Fights Back Against Central Line Infections" and a red arrow pointing to it.

Step 1

Click on the link to the desired content; a new browser window or tab will open to the JCR website.

This is a close-up of the "Joint Commission Resources" section from the screenshot. It shows the logo and the link "Case Study: Central DuPage Hospital Fights Back Against Central Line Infections" with a red arrow pointing to it.

Step 2

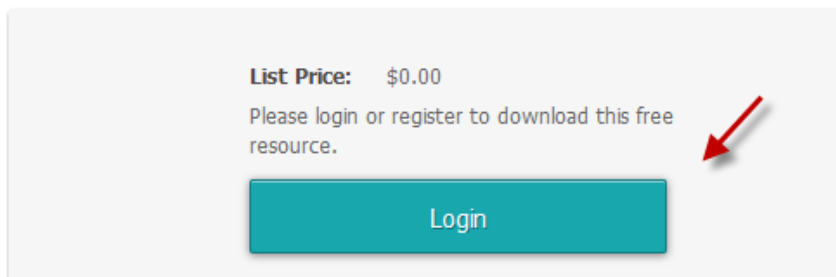

You will need to login or register on the JCR website to access the file by clicking on the “Login” button.

Case Study: Central DuPage Hospital Fights Back Against Central Line Infections

SKU# FR1039

Read how Central DuPage Hospital identified additional potential sources of central line infections and how they addressed these issues.

From *The Joint Commission Perspectives on Patient Safety*, March 2011.

No, I do not have an account

Please take a minute to become a registered customer. As a registered member you will have access to the following functionality:

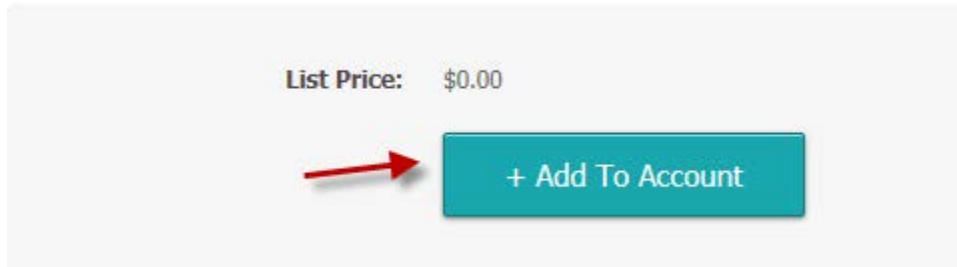

- Ensure Accredited Pricing (where applicable)
- Access your Web Order History and Renew Subscriptions
- Expedite your Checkout Process
- Create Proforma Invoices to Initiate Check Payments
- Email and Print Receipts
- Create and Maintain your Address Book

OR

Continue

Step 3

Click the "+ Add to Account" button.

Step 4

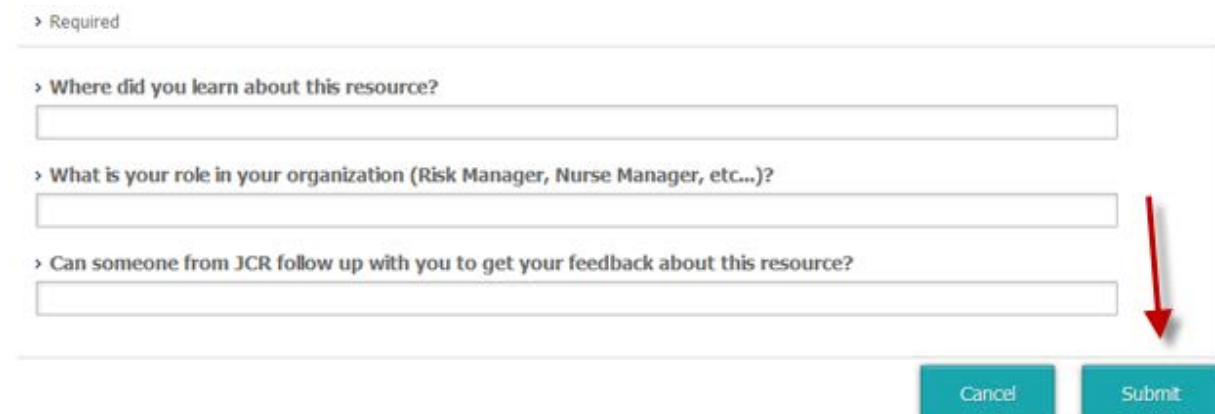

If this is the first time you have attempted to access the file, you will be required to answer the three questions below and click the "Submit" button.

› Required

› Where did you learn about this resource?

› What is your role in your organization (Risk Manager, Nurse Manager, etc...)?

› Can someone from JCR follow up with you to get your feedback about this resource?

A screenshot of a feedback form. It starts with a "› Required" label. There are three questions, each followed by a text input field: "› Where did you learn about this resource?", "› What is your role in your organization (Risk Manager, Nurse Manager, etc...)?", and "› Can someone from JCR follow up with you to get your feedback about this resource?". At the bottom right, there are two teal buttons: "Cancel" and "Submit". A red arrow points down towards the "Submit" button.

Step 5

You will then be directed to the “My Account – Free Resources” page to download the file by clicking on the “Download” button.

My Account - Free Resources

Free Resources

Case Study: Central DuPage Hospital Fights Back Against Central Line Infections

SKU #: FR1039

Read how Central DuPage hospital identified additional potential sources of central line infections and how they developed a plan to address these issues.
